Thank you Laura.

Daphne, please see the email below expressing Supervisor Hall's resignation from the CDD Board as well as the POA Board. Could we please send her our standard letter for her to fill out and sign and add this to the upcoming agenda?

Thank you,
Mac

RESOLUTION 2021-03

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE HUNTER’S RIDGE COMMUNITY DEVELOPMENT DISTRICT NO. 1 APPROVING A PROPOSED BUDGET FOR FISCAL YEAR 2021/2022 AND SETTING A PUBLIC HEARING THEREON PURSUANT TO FLORIDA LAW; ADDRESSING TRANSMITTAL, POSTING AND PUBLICATION REQUIREMENTS; ADDRESSING SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the District Manager has heretofore prepared and submitted to the Board of Supervisors (“**Board**”) of the Hunter’s Ridge Community Development District No. 1 (“**District**”) prior to June 15, 2021, a proposed budget (“**Proposed Budget**”) for the fiscal year beginning October 1, 2021 and ending September 30, 2022 (“**Fiscal Year 2021/2022**”); and

WHEREAS, the Board has considered the Proposed Budget and desires to set the required public hearing thereon.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE HUNTER’S RIDGE COMMUNITY DEVELOPMENT DISTRICT NO. 1:

1. **PROPOSED BUDGET APPROVED.** The Proposed Budget prepared by the District Manager for Fiscal Year 2021/2022 attached hereto as **Exhibit A** is hereby approved as the basis for conducting a public hearing to adopt said Proposed Budget.

2. **SETTING A PUBLIC HEARING.** A public hearing on said approved Proposed Budget is hereby declared and set as follows:

DATE: August 25, 2021

HOUR: 11:30 A.M.

LOCATION: Flagler County Government Services Building
1769 E. Moody Blvd., Building 2
Bunnell, Florida 32110

3. **TRANSMITTAL OF PROPOSED BUDGET TO LOCAL GENERAL PURPOSE GOVERNMENT.** The District Manager is hereby directed to submit a copy of the Proposed Budget to Flagler County at least 60 days prior to the hearing set above.

4. **POSTING OF PROPOSED BUDGET.** In accordance with Section 189.016, *Florida Statutes*, the District’s Secretary is further directed to post the approved Proposed Budget on the District’s website at least two days before the budget hearing date as set forth in Section 2, and shall remain on the website for at least 45 days.

5. **PUBLICATION OF NOTICE.** Notice of this public hearing shall be published in the manner prescribed in Florida law.

6. **SEVERABILITY.** The invalidity or unenforceability of any one or more provisions of this Resolution shall not affect the validity or enforceability of the remaining portions of this Resolution, or any part thereof.

7. **EFFECTIVE DATE.** This Resolution shall take effect immediately upon adoption.

PASSED AND ADOPTED THIS 26th DAY OF MAY, 2021.

RESOLUTION 2021-04

A RESOLUTION OF THE HUNTER'S RIDGE COMMUNITY DEVELOPMENT DISTRICT NO. 1 DESIGNATING DATES, TIMES AND LOCATIONS FOR REGULAR MEETINGS OF THE BOARD OF SUPERVISORS OF THE DISTRICT FOR FISCAL YEAR 2021/2022 AND PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, the Hunter's Ridge Community Development District No. 1 ("District") is a local unit of special-purpose government created and existing pursuant to Chapter 190, *Florida Statutes*, being situated entirely within Flagler County, Florida; and

WHEREAS, the Board of Supervisors of the District ("Board") is statutorily authorized to exercise the powers granted to the District; and

WHEREAS, all meetings of the Board shall be open to the public and governed by the provisions of Chapter 286, *Florida Statutes*; and

WHEREAS, the Board is statutorily required to file annually, with the local governing authority and the Florida Department of Economic Opportunity, a schedule of its regular meetings.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE HUNTER'S RIDGE COMMUNITY DEVELOPMENT DISTRICT NO. 1:

SECTION 1. ADOPTING REGULAR MEETING SCHEDULE. Regular meetings of the District's Board shall be held during Fiscal Year 2021/2022 as provided on the schedule attached hereto as **Exhibit A**.

SECTION 2. FILING REQUIREMENT. In accordance with Section 189.015(1), *Florida Statutes*, the District's Secretary is hereby directed to file a schedule of the District's regular meetings annually with Flagler County and the Florida Department of Economic Opportunity.

SECTION 3. EFFECTIVE DATE. This Resolution shall take effect immediately upon adoption.

PASSED AND ADOPTED this 26th day of May, 2021.

Revised
FULL RESERVE STUDY
Huntington Village
Resident Owners Association, Inc.

Ormond Beach, Florida
Inspected - August 12, 2020
Revised - October 28, 2020

This Report contains intellectual property developed by Reserve Advisors, LLC and cannot be reproduced or distributed to those who conduct reserve studies without their written consent.

Huntington Village Resident Owners Association, Inc.
Ormond Beach, Florida

Dear Board of Directors of Huntington Village Resident Owners Association, Inc.:

At the direction of the Board that recognizes the need for proper reserve planning, we have conducted a *Full Reserve Study* of Huntington Village Resident Owners Association, Inc. in Ormond Beach, Florida and submit our findings in this report. The effective date of this study is the date of our visual, noninvasive inspection, August 12, 2020.

This *Full Reserve Study* exceeds the Association of Professional Reserve Analysts (APRA) standards fulfilling the requirements of a "Level I Full Reserve Study."

An ongoing review by the Board and an Update of this Reserve Study are necessary to ensure an equitable funding plan since a Reserve Study is a snapshot in time. We recommend the Board budget for an Update to this Reserve Study in two- to three-years. We look forward to continuing to help Huntington Village Resident Owners Association, Inc. plan for a successful future.

As part of our long-term thinking and everyday commitment to our clients, we are available to answer any questions you may have regarding this study.

Respectfully submitted on October 28, 2020 by

1. RESERVE STUDY EXECUTIVE SUMMARY

Client: Huntington Village Resident Owners Association, Inc. (Huntington Village)

Location: Ormond Beach, Florida

Reference: 151081

Property Basics: Huntington Village Resident Owners Association, Inc. is a homeowners association which is responsible for the common elements shared by a mixture of single family homes and villa units. The community began construction in 2010 and is still under development. Upon complete buildout, the development will comprise 172 single family homes and 151 villa townhome units. At the time of our inspection, there were approximately 50 single family homes either constructed or under construction, and 49 villa townhome units in 17 buildings either constructed or under construction. We assume complete buildout will occur by 2024.

Resident Owners Association Reserve Components Identified: 19 Reserve Components

Community Development District Reserve Components Identified: 13 Reserve Components

Inspection Date: August 12, 2020.

Funding Goal: The Funding Goal of this Reserve Study is to maintain reserves above an adequate, not excessive threshold during one or more years of significant expenditures. Our recommended Resident Owners Association Funding Plan recognizes these threshold funding years in 2044 and 2045 due to replacement of the asphalt shingle roofs at the villa units.

Our recommended Community Development District Funding Plan recognizes this threshold funding year in 2044 due to repaving of the asphalt pavement.

Cash Flow Method: We use the Cash Flow Method to compute the Reserve Funding Plan. This method offsets future variable Reserve Expenditures with existing and future stable levels of reserve funding. Our application of this method also considers:

- Current and future local costs of replacement
- 0.9% anticipated annual rate of return on invested reserves
- 2.0% future Inflation Rate for estimating Future Replacement Costs

Sources for Local Costs of Replacement: Our proprietary database, historical costs and published sources, i.e., R.S. Means, Incorporated.

Cash Status of Resident Owners Association Reserve Fund:

- \$16,737 as of September 1, 2020
- 2020 budgeted Reserve Contributions of \$36,735

Recommended Resident Owners Association Reserve Funding: We recommend the following in order to achieve a stable and equitable Funding Plan:

- Increase to \$12,300 in 2021
- Inflationary increases from 2022 through 2050, the limit of this study's Cash Flow Analysis
- Pursuant to the Association's Declaration of Conditions, Covenants and Restrictions, the Association will receive a Capital Facilities Contribution/Reserve Fee of one-and-a-half percent (1.5%) of all home sales in perpetuity, which shall be contributed to the reserve fund. The assumed conditions of this fee are stated below:
 - Current average sale price of a Villa unit is \$265,000
 - Current average sale price of a single family home is \$315,000
 - Average inflation rate on home prices of two percent (2%)
 - An average home turnover rate of 20 years (16 sales per year)
 - Contributions from the Capital Facilities Contribution/Reserve Fee beginning in 2025 due to the community not reaching complete buildout until 2024

2029	98,200	538,816	2039	119,600	879,520	2049	145,900	611,256
2030	100,200	600,664	2040	122,000	609,064	2050	148,800	646,049

Cash Status of Community Development District Reserve Fund:

- \$30,390 as of September 1, 2020
- 2020 budgeted Reserve Contributions of \$20,000
- A potential deficit in reserves might occur by 2035 based upon continuation of the most recent annual reserve contribution of \$20,000 and the identified Reserve Expenditures.

Recommended Community Development District Reserve Funding: We recommend the following in order to achieve a stable and equitable Funding Plan:

- Increase to \$42,000 in 2021
- Inflationary increases from 2022 through 2050, the limit of this study's Cash Flow Analysis
- Initial adjustment in Reserve Contributions of \$22,000 represents an average monthly increase of \$5.68 per homeowner and about a four percent (4.2%) adjustment in the 2020 total Operating Budget of \$525,690.

2. RESERVE STUDY REPORT

At the direction of the Board that recognizes the need for proper reserve planning, we have conducted a *Full Reserve Study* of

Huntington Village Resident Owners Association, Inc.

Ormond Beach, Florida

and submit our findings in this report. The effective date of this study is the date of our visual, noninvasive inspection, August 12, 2020.

We present our findings and recommendations in the following report sections and spreadsheets:

- **Identification of Property** - Segregates all property into several areas of responsibility for repair or replacement
- **Reserve Expenditures** - Identifies reserve components and related quantities, useful lives, remaining useful lives and future reserve expenditures during the next 30 years
- **Reserve Funding Plan** - Presents the recommended Reserve Contributions and year-end Reserve Balances for the next 30 years
- **Five-Year Outlook** - Identifies reserve components and anticipated reserve expenditures during the first five years
- **Reserve Component Detail** - Describes the reserve components, includes photographic documentation of the condition of various property elements, describes our recommendations for repairs or replacement, and includes detailed solutions and procedures for replacements for the benefit of current and future board members
- **Methodology** - Lists the national standards, methods and procedures used to develop the Reserve Study
- **Definitions** - Contains definitions of terms used in the Reserve Study, consistent with national standards
- **Professional Service Conditions** - Describes Assumptions and Professional Service Conditions
- **Credentials and Resources**

IDENTIFICATION OF PROPERTY

Our investigation includes Reserve Components or property elements as set forth in your Declaration. The Expenditure tables in Section 3 list the elements contained in this study. Our analysis begins by segregating the property elements into several areas of responsibility for repair and replacement.

Our process of identification helps assure that future boards and the management team understand whether reserves, the operating budget or Homeowners fund certain replacements and assists in preparation of the annual budget. We derive these segregated classes of property from our review of the information provided by the Association and through conversations with Management. These classes of property include:

- Reserve Components
- Long-Lived Property Elements
- Operating Budget Funded Repairs and Replacements
- Property Maintained by Homeowners
- Property Maintained by Others

We advise the Board conduct an annual review of these classes of property to confirm its policy concerning the manner of funding, i.e., from reserves or the operating budget. The Reserve Study identifies Reserve Components as set forth in your Declaration or which were identified as part of your request for proposed services. Reserve Components are defined by CAI as property elements with:

- Huntington Village responsibility
- Limited useful life expectancies
- Predictable remaining useful life expectancies
- Replacement cost above a minimum threshold

Long-Lived Property Elements may not have predictable Remaining Useful Lives or their replacement may occur beyond the 30-year scope of the study. The operating budget should fund infrequent repairs. Funding untimely or unexpected replacements from reserves will necessitate increases to Reserve Contributions. Periodic updates of this Reserve Study will help determine the merits of adjusting the Reserve Funding Plan. We identify the following Long-Lived Property Elements as excluded from the 30-year Reserve Expenditures at this time.

- Electrical Systems, Common
- Foundation, Clubhouse
- Inlet/Outlet Structures, Concrete, Storm Water Management System
- Pipes, Interior Building, Domestic Water, Sanitary Waste and Vent, Clubhouse
- Pipes, Subsurface Utilities, Laterals to Clubhouse
- Pool Structure
- Soffit and Fascia, Vinyl, Clubhouse
- Structural Frames, Clubhouse
- Windows and Doors, Clubhouse

The operating budget provides money for the repair and replacement of certain Reserve Components. The Association may develop independent criteria for use of operating and reserve funds. For purposes of calculating appropriate Reserve Contributions, we identify the following list of Operating Budget Funded Repairs and Replacements:

- General Maintenance to the Common Elements
- Expenditures less than \$4,000 (These relatively minor expenditures have a limited effect on the recommended Reserve Contributions.)
- Asphalt Pavement, Clubhouse Parking Area, Patch and Seal Coat Applications
- Doors, Clubhouse, Interim Repairs and Replacements
- Fences, Chain Link
- Irrigation System, Controllers and General Maintenance (The irrigation system is still under construction as the development of the community progresses. The future scope and size of the system is currently unknown. Future updates to this Reserve Study will consider the need to

reserve for inspections and partial replacements of the system based on the size of the system and the operational practices of the Association.)

- Landscape
- Light Fixtures, Exterior, Clubhouse
- Paint Finishes, Touch Up
- Pool Mechanical Equipment
- Signage, Street and Traffic (The community was still under construction at the time of our inspection. Future updates to this Reserve Study will consider the total amount of signage once construction is completed, and the need to reserve for replacement of the signage.)
- Site Furniture
- Walls, Stone Veneer, Clubhouse
- Walls and Trim, Paint Finishes, Residential Units
- Water Heater, Clubhouse
- Other Repairs normally funded through the Operating Budget

Certain items have been designated as the responsibility of the homeowners at the single-family homes to repair or replace at their cost. Property Maintained by Homeowners at the Single Family Homes, including items billed back to Homeowners, relates to unit:

- Homes (Excluding Paint Finishes to Exteriors)
- Lot Improvements (Excluding Landscaping and Irrigation)

Certain items have been designated as the responsibility of the homeowners at the Villas to repair or replace at their cost. Property Maintained by Homeowners at the Villas, including items billed back to Homeowners, relates to unit:

- Doors, Garage
- Driveways
- Electrical Systems (Including Circuit Protection Panels)
- Heating, Ventilating and Air Conditioning (HVAC) Units
- Interiors
- Light Fixtures, Exterior
- Patios (Including Screens and Frames)
- Pipes (Within Units)
- Railings, Aluminum
- Roofs, Asphalt Shingles
- Sidewalks
- Soffit and Fascia
- Walls, Stone Veneer
- Walls, Stucco, Repairs
- Windows and Doors

Certain items have been designated as the responsibility of others to repair or replace. Property Maintained by Others relates to:

- Asphalt Pavement, Hunters Ridge Boulevard (Hunters Ridge Homeowners Association of East Florida, Inc.)
- Lift Stations (City of Ormond Beach)
- Light Poles and Fixtures, Streets (Florida Power and Light)
- Pavers, Roundabout, Airport Road and Hunters Ridge Boulevard (Hunters Ridge Homeowners Association of East Florida, Inc.)
- Pipes, Subsurface Utilities, Water and Sewer (City of Ormond Beach)
- Ponds, Maintenance (Hunters Ridge Homeowners Association of East Florida, Inc.) (We are informed that all ponds located within the community will revert to maintenance of Hunters Ridge Homeowners Association of East Florida, Inc.)
- Signage, Street and Traffic, Hunters Ridge Boulevard (Hunters Ridge Homeowners Association of East Florida, Inc.)
- Wetlands (Hunters Ridge Homeowners Association of East Florida, Inc.)

3. RESERVE EXPENDITURES and FUNDING PLAN

The tables following this introduction present:

Reserve Expenditures

- Line item numbers
- Total quantities
- Quantities replaced per phase (in a single year)
- Reserve component inventory
- Estimated first year of event (i.e., replacement, application, etc.)
- Life analysis showing
 - useful life
 - remaining useful life
- 2020 local cost of replacement
 - Per unit
 - Per phase
 - Replacement of total quantity
- Percentage of future expenditures anticipated during the next 30 years
- Schedule of estimated future costs for each reserve component including inflation

Reserve Funding Plan

- Reserves at the beginning of each year
- Total recommended reserve contributions
- Estimated interest earned from invested reserves
- Anticipated expenditures by year
- Anticipated reserves at year end
- Predicted reserves based on current funding level

Five-Year Outlook

- Line item numbers
- Reserve component inventory of only the expenditures anticipated to occur within the first five years
- Schedule of estimated future costs for each reserve component anticipated to occur within the first five years

The purpose of a Reserve Study is to provide an opinion of reasonable annual Reserve Contributions. Prediction of exact timing and costs of minor Reserve Expenditures typically will not significantly affect the 30-year cash flow analysis. Adjustments to the times and/or costs of expenditures may not always result in an adjustment in the recommended Reserve Contributions.

Financial statements prepared by your association, by you or others might rely in part on information contained in this section. For your convenience, we have provided an electronic data file containing the tables of ***Reserve Expenditures*** and ***Reserve Funding Plan***.

(NOTE 5) *(NOTE 5)*

(NOTE 4)

Explanatory Notes:

- 1) Year 2020 starting reserves are as of September 1, 2020; FY2020 starts January 1, 2020 and ends December 31, 2020.
- 2) Reserve Contributions for 2020 are the remaining budgeted 4 months; 2021 is the first year of recommended contributions.
- 3) 0.9% is the estimated annual rate of return on invested reserves; 2020 is a partial year of interest earned.
- 4) Accumulated year 2050 ending reserves consider the age, size, overall condition and complexity of the property.
- 5) Threshold Funding Years (reserve balance at critical point).

4. RESERVE COMPONENT DETAIL

The Reserve Component Detail of this *Full Reserve Study* includes enhanced solutions and procedures for select significant components. This section describes the Reserve Components, documents specific problems and condition assessments, and may include detailed solutions and procedures for necessary capital repairs and replacements for the benefit of current and future board members. We advise the Board use this information to help define the scope and procedures for repair or replacement when soliciting bids or proposals from contractors. *However, the Report in whole or part is not and should not be used as a design specification or design engineering service.*

RESIDENT OWNERS ASSOCIATION

Exterior Building Elements

Roofs, Asphalt Shingles

Line Item: 1.280

Quantity: The asphalt shingle roofs at the villa units will comprise approximately 4,060 squares¹ at complete build-out.

History: Original

Condition: The existing roofs are in good visual condition.

Asphalt shingle roof at villa unit

Asphalt shingle roof at villa unit

¹ We quantify the roof area in squares where one square is equal to 100 square feet of surface area.

Asphalt shingle roof at villa unit

Useful Life: 15- to 20-years

Component Detail Notes: The existing roof assembly comprises the following:

- Laminate shingles
- Boston style ridge caps
- Rubber seal with plastic base boot flashing at waste pipes
- Soffit and square hood box vents
- Enclosed full weaved valleys

Insulation and ventilation are two major components of a sloped roof system. Together, proper insulation and ventilation help to control attic moisture and maintain an energy efficient building. Both insulation and ventilation prevent moisture buildup which can cause wood rot, mold and mildew growth, warp sheathing, deteriorate shingles, and eventually damage building interiors. Sufficient insulation helps to minimize the quantity of moisture that enters the attic spaces and adequate ventilation helps to remove any moisture that enters the attic spaces. These two roof system components also help to reduce the amount of energy that is required to heat and cool a building. Proper attic insulation minimizes heat gain and heat loss between the residential living spaces and attic spaces. This reduces energy consumption year-round. Proper attic ventilation removes excessive heat from attic spaces that can radiate into residential living spaces and cause air conditioners to work harder. Properly installed attic insulation and ventilation work together to maximize the useful life of sloped roof systems.

The vents should be clear of debris and not blocked from above by attic insulation. If the soffit vents are blocked from above, installation of polystyrene vent spaces or baffles between the roof joists at these locations can ensure proper ventilation.

Certain characteristics of condition govern the times of replacement. Replacement of an asphalt shingle roof becomes necessary when there are multiple or recurring leaks and when the shingles begin to cup, curl and lift. These conditions are indications that the asphalt shingle roof is near the end of its useful life. Even if the shingles are largely watertight, the infiltration of water in one area can lead to permanent damage to the underlying roof sheathing. This type of deterioration requires replacement of saturated

sections of sheathing and greatly increases the cost of roof replacement. Roof leaks may occur from interrelated roof system components, i.e., flashings. Therefore, the warranty period, if any, on the asphalt shingles, may exceed the useful life of the roof system.

Warranties are an indication of product quality and are not a product guarantee. Asphalt shingle product warranties vary from 20- to 50-years and beyond. However, the scope is usually limited to only the material cost of the shingles as caused by manufacturing defects. Warranties may cover defects such as thermal splitting, granule loss, cupping, and curling. Labor cost is rarely included in the remedy so if roof materials fail, the labor to tear off and install new shingles is extra. Other limitations of warranties are exclusions for "incidental and consequential" damages resulting from age, hurricanes, hail storms, ice dams, severe winds, tornadoes, earthquakes, etc. There are some warranties which offer no dollar limit for replacement at an additional cost (effectively an insurance policy) but again these warranties also have limits and may not cover all damages other than a product defect. We recommend a review of the manufacturers' warranties as part of the evaluation of competing proposals to replace a roof system. This evaluation should identify the current costs of remedy if the roof were to fail in the near future. A comparison of the costs of remedy to the total replacement cost will assist in judging the merits of the warranties.

The following cross-sectional schematic illustrates a typical asphalt shingle roof system although it may not reflect the actual configuration at Huntington Village:

ROOF SCHEMATIC

© Reserve Advisors

Contractors use one of two methods for replacement of sloped roofs, either an overlayment or a tear-off. Overlayment is the application of new shingles over an

existing roof. However, there are many disadvantages to overlayment including hidden defects of the underlying roof system, absorption of more heat resulting in accelerated deterioration of the new and old shingles, and an uneven visual appearance. Therefore, we recommend only the tear-off method of replacement. The tear-off method of replacement includes removal of the existing shingles, flashings if required and underlayments.

Priority/Criticality: Defer only upon opinion of independent professional or engineer

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3.

Property Site Elements

Asphalt Pavement, Parking Area, Repaving

Line Item: 4.040

Quantity: Approximately 2,425 square yards at the clubhouse parking area. The parking area also includes approximately 845 linear feet of concrete curbs and gutters, and two catch basins.

History: The pavement was constructed in 2016.

Condition: Good overall. We note an area of ponded water with inadequate drainage to the adjacent catch basin.

Asphalt pavement at clubhouse parking area

Asphalt pavement at clubhouse parking area

Asphalt pavement at clubhouse parking area

Inadequate drainage to catch basin at clubhouse parking area

Concrete curb and gutter at clubhouse parking area

Concrete curb at clubhouse parking area

Useful Life: 20- to 25-years with the benefit of timely crack repairs and patching

Component Detail Notes: The initial installation of asphalt uses at least two lifts, or two separate applications of asphalt, over the base course. The first lift is the binder course. The second lift is the wearing course. The wearing course comprises a finer aggregate for a smoother more watertight finish. The following diagram depicts the typical components although it may not reflect the actual configuration at Huntington Village:

ASPHALT DIAGRAM

Sealcoat or Wearing Surface

Asphalt Overlay Not to Exceed 1.5 inch Thickness per Lift or Layer

Original Pavement Inspected and milled until sound pavement is found, usually comprised of two layers

Compacted Crushed Stone or Aggregate Base

Subbase of Undisturbed Native Soils Compacted to 95% dry density

© Reserve Advisors

The manner of repaving is either a mill and overlay or total replacement. A mill and overlay is a method of repaving where cracked, worn and failed pavement is mechanically removed or milled until sound pavement is found. A new layer of asphalt is overlaid atop the remaining base course of pavement. Total replacement includes the removal of all existing asphalt down to the base course of aggregate and native soil followed by the application of two or more new lifts of asphalt. We recommend mill and overlay on asphalt pavement that exhibits normal deterioration and wear. We recommend total replacement of asphalt pavement that exhibits severe deterioration, inadequate drainage, pavement that has been overlaid multiple times in the past or where the configuration makes overlayment not possible. Based on the apparent visual condition and configuration of the asphalt pavement, we recommend the mill and overlay method of repaving at Huntington Village.

Priority/Criticality: Defer only upon opinion of independent professional or engineer

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3. Our cost for milling and overlayment includes area patching of up to ten percent (10%), partial replacements of the curbs and gutters and capital repairs to the catch basins as needed.

Mailbox Stations

Line Item: 4.600

Quantity: 22 mailbox stations

History: Original. Installed from 2017 to the present.

Condition: Good overall

Typical mailbox stations

Typical mailbox stations

Useful Life: Up to 25 years

Priority/Criticality: Per Board discretion

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3.

Ponds, Aerator

Line Item: 4.700

Quantity: One aerator at the pond located at the southwest corner of the intersection of Huntington Place and Hunters Ridge Boulevard.

History: Installed in 2020

Condition: Reported in good condition

Aerator at pond

Useful Life: 10- to 15-years

Component Detail Notes: The use of small pumps, motors and aerators circulates pond water and increases the amount of entrained oxygen in the water, increasing water quality and reducing algae growths.

Priority/Criticality: Defer only upon opinion of independent professional or engineer

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3.

Clubhouse Elements

Exterior view of clubhouse

Exterior view of clubhouse

Exterior view of clubhouse

Air Handling and Condensing Units, Split System

Line Item: 5.071

Quantity: One three-ton split system that serves the clubhouse interior

History: Original to construction of the clubhouse in 2020.

Condition: Reported good without operational deficiencies

Split system condensing unit at clubhouse

Useful Life: 12- to 18-years

Component Detail Notes: A split system air conditioner consists of an outside condensing unit, an interior evaporator coil, refrigerant lines and an interior electric air handling unit. The condensing unit has a cooling capacity of three-tons. The split system uses R-410A refrigerant.

Preventative Maintenance Notes: We recommend the Association obtain and adhere to the manufacturer's recommended maintenance plan. We also recommend the

Association maintain a maintenance contract with a qualified professional. The required preventative maintenance may vary in frequency and scope based on the unit's age, operational condition, or changes in technology. We note the following select recommended preventative maintenance activities to maximize the remaining useful life:

- Semi-annually:
 - Lubricate motors and bearings
 - Change or clean air filters as needed
 - Inspect condenser base and piping insulation
 - Inspect base pan, coil, cabinet and clear obstructions as necessary
- Annually:
 - Clean coils and drain pans, clean fan assembly, check refrigerant charge, inspect fan drive system and controls
 - Inspect and clean accessible ductwork as needed
 - Clean debris from inside cabinet, inspect condenser compressor and associated tubing for damage

Priority/Criticality: Defer only upon opinion of independent professional or engineer

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3. The condensing unit may require replacement prior to replacement of the related interior forced air unit. For purposes of this Reserve Study, we assume coordination of replacement of the interior forced air unit, evaporator coil, refrigerant lines and exterior condensing unit.

Audio System

Line Item: 5.091

Quantity: An audio system at the clubhouse that includes three speakers and audio control components.

History: Original to construction of the clubhouse in 2020.

Condition: Good overall

Priority/Criticality: Per Board discretion

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3.

Exercise Equipment

Line Items: 5.155 and 5.165

Quantity: The exercise room contains the following types of cardiovascular aerobic training equipment:

- Elliptical (1)
- Stationary cycles (2)
- Televisions (2)
- Treadmills (2)

The exercise room contains the following types of strength training equipment:

- Bench (1)
- Dumbbells (1 set)
- Strength training machines (2)

History: Original to construction of the clubhouse in 2020.

Conditions: Good overall

Cardiovascular exercise equipment

Strength training equipment

Strength training equipment

Useful Life: The useful life of cardiovascular equipment is up to 10 years. The useful life of strength training equipment is up to 15 years.

Priority/Criticality: Per Board discretion

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3. We recommend Huntington Village anticipate replacement of up to fifty percent (50%) of the cardiovascular equipment and up to one-hundred percent (100%) of the strength training equipment per event.

Exercise Room

Line Item: 5.181

History: Original to construction of the clubhouse in 2020.

Condition: Good overall

Overview of exercise room

Overview of exercise room

Athletic mat floor coverings at exercise room

Finishes and ceiling fan at exercise room

Cabinets and countertop at exercise room

Useful Life: Renovations every 15 years

Component Detail Notes: The exercise room components include:

- Athletic mat floor coverings
- Paint finishes
- Light fixtures
- Ceiling fans
- Cabinets and countertop
- Drinking fountains

Priority/Criticality: Per Board discretion

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3.

Rest Rooms

Line Item: 5.501

Quantity: Two common area rest rooms located at the clubhouse

History: Original to construction of the clubhouse in 2020.

Condition: Good overall

Finishes and fixtures at rest room

Finishes and fixtures at rest room

Finishes and fixtures at rest room

Tile wall coverings and coated floor at rest room

Useful Life: Renovations every 20 years

Component Detail Notes: Components include:

- Coated floor coverings
- Tile wall coverings
- Paint finishes
- Light fixtures
- Plumbing fixtures
- Rest room partitions
- Countertops
- Fans
- Drinking fountains

Priority/Criticality: Per Board discretion

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3.

Roof Assembly, Asphalt Shingles

Line Item: 5.600

Quantity: 33 squares² of asphalt shingle roofing at the clubhouse. The roof utilizes approximately 180 linear feet of gutters and downspouts.

History: Original to construction of the clubhouse in 2020.

Condition: Good condition

Asphalt shingle roof at clubhouse

Asphalt shingle roof at clubhouse

Useful Life: 15- to 20-years

Priority/Criticality: Defer only upon opinion of independent professional or engineer

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3.

Security System

Line Item: 5.721

Quantity: Huntington Village utilizes the following security system components at the clubhouse:

- Cameras (2)
- Recorder (1)

History: Original to construction of the clubhouse in 2020.

Condition: Assumed in good operational condition based on age

² We quantify the roof area in squares where one square is equal to 100 square feet of surface area.

Security camera at clubhouse

Useful Life: 10- to 15-years

Preventative Maintenance Notes: We recommend the Association obtain and adhere to the manufacturer's recommended maintenance plan. The required preventative maintenance may vary in frequency and scope based on the unit's age, operational condition, or changes in technology. We note the following select recommended preventative maintenance activities to maximize the remaining useful life:

- Monthly:
 - Check cameras for proper focus, fields of view are unobstructed and camera and lenses are clean and dust-free
 - Check recording equipment for proper operation
 - Verify monitors are free from distortion with correct brightness and contrast
- Annually:
 - Check exposed wiring and cables for wear, proper connections and signal transmission
 - Check power connections, and if applicable, functionality of battery power supply systems

Priority/Criticality: Per Board discretion

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3. The Association should anticipate replacement of all of the security system components per event.

Walls, Stucco

Line Item: 5.881

Quantity: Approximately 3,400 square feet of the clubhouse exterior. This quantity includes the coatings at the concrete flatwork.

History: Original to construction of the clubhouse in 2020.

Condition: Good overall

Finishes at clubhouse exterior

Finishes at clubhouse exterior

Useful Life: We include finish applications and repairs every five years.

Component Detail Notes: The following graphic details the typical components of a stucco wall system on frame construction although it may not reflect the actual configuration at Huntington Village:

STUCCO DETAIL

© Reserve Advisors

Priority/Criticality: Defer only upon opinion of independent professional or engineer

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3. Our estimate of cost anticipates the following in coordination with each paint finish application:

- Complete inspection of the stucco
- Crack repairs as needed (Each paint product has the limited ability to cover and seal cracks but we recommend repair of all cracks which exceed the ability of the paint product to bridge.)
- Replacement of up to one percent (1%), of the stucco walls (The exact amount of area in need of replacement will be discretionary based on the actual future conditions and the desired appearance.)
- Replacement of up to thirty-three percent (33%) of the sealants in coordination with each paint finish application.

Pool Elements

Overview of pool area

Overview of pool area

Deck, Pavers

Line Item: 6.200

Quantity: Approximately 3,525 square feet at the pool deck

History: Original to construction of the pool in 2020.

Condition: Good condition with no significant deterioration evident

Pavers at pool deck

Pavers at pool deck

Pavers at pool deck

Useful Life: Up to 25 years

Priority/Criticality: Defer only upon opinion of independent professional or engineer

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3. We recommend the Association fund interim inspections, partial replacements and repairs through the operating budget.

Fence, Aluminum

Line Item: 6.400

Quantity: Approximately 535 linear feet

History: Original to construction of the pool in 2020.

Condition: Good overall condition with no significant deterioration evident

Aluminum fence at pool area

Aluminum fence at pool area

Useful Life: Up to 25 years

Priority/Criticality: Not recommended to defer

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3.

Furniture

Line Item: 6.500

Quantity: The pool furniture includes the following:

- Chairs (22)
- Lounges (22)
- Tables (20)
- Umbrellas (4)
- Ottomans (4)
- Trash receptacles (3)
- Life safety equipment

History: Original to construction of the pool in 2020.

Condition: Good overall

Pool furniture

Pool furniture

Useful Life: Up to 12 years

Priority/Criticality: Per Board discretion

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3. We recommend interim refinishing, reupholstering and other repairs to the furniture as normal maintenance to maximize its useful life.

Light Poles and Fixtures

Line Item: 6.561

Quantity: Six decorative metal poles with light fixtures at the pool area

History: Original to construction of the pool in 2020.

Condition: Good overall

Light pole and fixture at pool area

Light poles and fixtures at pool area

Useful Life: Up to 25 years

Priority/Criticality: Per Board discretion

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3.

Pool Finishes, Plaster and Tile

Line Items: 6.800 and 6.801

Quantity: 1,700 square feet of plaster based on the horizontal surface area and approximately 180 linear feet of tile

History: Original to construction of the pool in 2020.

Condition: Good overall

Pool plaster finish

Pool plaster finish, waterline tile and accent tile

Pool plaster finish, waterline tile and accent tile

Pool plaster finish, waterline tile and accent tile

Useful Life: 8- to 12-years for the plaster and 15- to 25-years for the tile

Component Detail Notes: Removal and replacement provides the opportunity to inspect the pool structure and to allow for partial repairs of the underlying concrete surfaces as needed. To maintain the integrity of the pool structure, we recommend the Association budget for the following:

- Removal and replacement of the plaster finish
- Partial replacements of the scuppers and coping as needed
- Replacement of tiles as needed
- Replacement of joint sealants as needed
- Concrete structure repairs as needed

Priority/Criticality: Defer only upon opinion of independent professional or engineer

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3. We recommend the Association budget for full tile replacement every other plaster replacement event.

COMMUNITY DEVELOPMENT DISTRICT

Asphalt Pavement, Patch

Line Item: 4.021

Quantity: Approximately 36,945 square yards. This quantity includes the areas of asphalt pavement still under construction.

History: Original. The pavement was constructed from 2010 to 2020. A portion of the pavement is still under construction.

Condition: Good overall

Useful Life: 3- to 5-years

Priority/Criticality: Per Board discretion

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3. Our cost includes an allowance for patching of up to two percent (2%) of the pavement.

Asphalt Pavement, Repaving

Line Item: 4.041, 4.042 and 4.043

Quantity: Approximately 36,945 square yards. The following table depicts the locations, quantities and years of construction, and includes the areas of asphalt pavement still under construction.

Location	Quantity (Square Yards)	Year(s) of Construction
Huntington Place and Shear Water Trail	8,070	2010
Heron Wing Drive	3,075	2016
Streets Constructed from 2018-2020	25,800	2018-2020
TOTAL	36,945	

History: Original. The pavement was constructed from 2010 to 2020. A portion of the pavement is still under construction.

Condition: Good overall with no significant deterioration evident

Asphalt pavement street under construction

Useful Life: 20- to 25-years with the benefit of timely crack repairs and patching

Component Detail Notes: The initial installation of asphalt uses at least two lifts, or two separate applications of asphalt, over the base course. The first lift is the binder course. The second lift is the wearing course. The wearing course comprises a finer aggregate for a smoother more watertight finish. The following diagram depicts the typical components although it may not reflect the actual configuration at Huntington Village:

The manner of repaving is either a mill and overlay or total replacement. A mill and overlay is a method of repaving where cracked, worn and failed pavement is mechanically removed or milled until sound pavement is found. A new layer of asphalt is overlaid atop the remaining base course of pavement. Total replacement includes the removal of all existing asphalt down to the base course of aggregate and native soil followed by the application of two or more new lifts of asphalt. We recommend mill and overlayment on asphalt pavement that exhibits normal deterioration and wear. We recommend total replacement of asphalt pavement that exhibits severe deterioration, inadequate drainage, pavement that has been overlaid multiple times in the past or where the configuration makes overlayment not possible. We recommend the mill and overlay method of repaving at Huntington Village.

Priority/Criticality: Defer only upon opinion of independent professional or engineer

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3. Our cost for milling and overlayment includes area patching of up to ten percent (10%). Our cost for milling and overlayment at Heron Wing Drive includes an allowance for capital repairs to the four catch basins.

Catch Basins

Line Items: 4.100 and 4.101

Quantity: 12 catch basins³ at the pavement constructed in 2010 and 44 catch basins at the pavement constructed from 2018 to 2020.

History: Original

Condition: Good overall without settlement visually apparent

Catch basin and concrete collar

Catch basin and concrete collar

Life: The useful life of catch basins is up to 65 years. However, achieving this useful life usually requires interim capital repairs or partial replacements every 20- to 25-years.

Component Detail Notes: Erosion causes settlement around the collar of catch basins. Left unrepaired, the entire catch basin will shift and need replacement.

Priority/Criticality: Defer only upon opinion of independent professional or engineer

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3. We recommend the Association plan for inspections and capital repairs to the catch basins in conjunction with repaving.

Concrete Gutters

Line Items: 4.110, 4.111 and 4.112

Quantity: Approximately 5,550 linear feet at the asphalt pavement constructed in 2010; 2,200 linear feet at the asphalt pavement constructed in 2016; and 20,050 linear feet at

³ We utilize the terminology catch basin to refer to all stormwater collection structures including curb inlets.

the asphalt pavement constructed from 2018 to 2020. This includes the areas of asphalt pavement still under construction.

Condition: Good overall

Typical condition of concrete gutters

Typical condition of concrete gutters

Typical condition of concrete gutters

Typical condition of concrete gutters

Useful Life: Up to 65 years although interim deterioration of areas is common

Priority/Criticality: Per Board discretion

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3. We estimate that up to fifteen percent (15%) of the total of each section will require replacement during the next 30 years.

Concrete Sidewalks

Line Item: 4.140

Quantity: The Association currently maintains approximately 25,000 square feet of concrete sidewalks throughout the community. The community is still under development and this quantity will increase as the community approaches complete buildout. Future updates to this Reserve Study will include additional concrete sidewalks as they are constructed.

Condition: Good overall

Typical condition of concrete sidewalks

Typical condition of concrete sidewalks

Typical condition of concrete sidewalks

Useful Life: Up to 65 years although interim deterioration of areas is common

Priority/Criticality: Per Board discretion

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3. We estimate that up to twenty-five percent (25%) of the total amount of currently constructed sidewalks will require replacement during the next 30 years. Future updates to this Reserve Study will include additional concrete sidewalks as they are constructed.

Fences, Aluminum, Hunters Ridge Boulevard and Huntington Place

Line Item: 4.200

Quantity: Approximately 345 linear feet at Hunters Ridge Boulevard and Huntington Place

History: Original

Condition: Good overall with no significant deterioration evident

Aluminum fence

Aluminum fence

Useful Life: Up to 25 years

Priority/Criticality: Per Board discretion

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3.

Irrigation System, Pumps

Line Item: 4.410

Quantity: Based on conversation with the irrigation contractor, the Association currently maintains one 7.5-HP pump for the irrigation system. The system is still under construction, and it is expected that two- to three-more pumps will be installed to serve the system. For the purposes of this study, we assume that there will be four total pumps.

History: The current pump is original.

Condition: Reported in good operational condition

Useful Life: Up to 15 years

Priority/Criticality: Defer only upon opinion of independent professional or engineer

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3.

Signage, Monuments, Renovation

Line Item: 4.800

Quantity: Six property identification monuments and nine decorative structures with wood fences throughout the community. The Association also maintains the stone veneer columns throughout the community.

History: Original

Condition: Good overall

Property identification monument

Property identification monument

Property identification monument

Property identification monument

Stone veneer columns and wood fence

Stone veneer columns and wood fence

Useful Life: 20- to 25-years

Component Detail Notes: Community signage contributes to the overall aesthetic appearance of the property to owners and potential buyers. Renovation or replacement of community signs is often predicated upon the desire to "update" the perceived identity of the community rather than for utilitarian concerns. Therefore, the specific times for replacement or renovation are discretionary. The signage includes the following elements:

- Light fixtures
- Fences, Wood
- Lettering
- Tile
- Masonry, Stone Veneer
- EIFS copings
- Landscaping

Priority/Criticality: Per Board discretion

Expenditure Detail Notes: Expenditure timing and costs are depicted in the **Reserve Expenditures** table in Section 3. Our cost for renovation includes repointing and repairs to the masonry and replacement of the remaining components listed above. The Association should fund interim repairs and finish replacements to the signage through the operating budget.

Reserve Study Update

An ongoing review by the Board and an Update of this Reserve Study are necessary to ensure an equitable funding plan since a Reserve Study is a snapshot in time. Many variables change after the study is conducted that may result in significant overfunding or underfunding the reserve account. Variables that may affect the Reserve Funding Plan include, but are not limited to:

- Deferred or accelerated capital projects based on Board discretion

- Changes in the interest rates on reserve investments
- Changes in the *local* construction inflation rate
- Additions and deletions to the Reserve Component Inventory
- The presence or absence of maintenance programs
- Unusually mild or extreme weather conditions
- Technological advancements

Periodic updates incorporate these variable changes since the last Reserve Study or Update. The Association can expense the fee for an Update with site visit from the reserve account. This fee is included in the Reserve Funding Plan. We base this budgetary amount on updating the same property components and quantities of this Reserve Study report. We recommend the Board budget for an Update to this Reserve Study in two- to three-years. Budgeting for an Update demonstrates the Board's objective to continue fulfilling its fiduciary responsibility to maintain the commonly owned property and to fund reserves appropriately.

5.METHODOLOGY

Reserves for replacement are the amounts of money required for future expenditures to repair or replace Reserve Components that wear out before the entire facility or project wears out. Reserving funds for future repair or replacement of the Reserve Components is also one of the most reliable ways of protecting the value of the property's infrastructure and marketability.

Huntington Village can fund capital repairs and replacements in any combination of the following:

1. Increases in the operating budget during years when the shortages occur
2. Loans using borrowed capital for major replacement projects
3. Level monthly reserve assessments annually adjusted upward for inflation to increase reserves to fund the expected major future expenditures
4. Special assessments

We do not advocate special assessments or loans unless near term circumstances dictate otherwise. Although loans provide a gradual method of funding a replacement, the costs are higher than if the Association were to accumulate reserves ahead of the actual replacement. Interest earnings on reserves also accumulate in this process of saving or reserving for future replacements, thereby defraying the amount of gradual reserve collections. We advocate the third method of *Level Monthly Reserve Assessments* with relatively minor annual adjustments. The method ensures that Homeowners pay their "fair share" of the weathering and aging of the commonly owned property each year. Level reserve assessments preserve the property and enhance the resale value of the homes.

This Reserve Study is in compliance with and exceeds the National standards¹ set forth by the Association of Professional Reserve Analysts (APRA) fulfilling the requirements of a "Level I Full Reserve Study." These standards require a Reserve Component to have a "predictable remaining Useful Life." Estimating Remaining Useful Lives and Reserve Expenditures beyond 30 years is often indeterminate. Long-Lived Property Elements are necessarily excluded from this analysis. We considered the following factors in our analysis:

- The Cash Flow Method to compute, project and illustrate the 30-year Reserve Funding Plan
- Local² costs of material, equipment and labor
- Current and future costs of replacement for the Reserve Components
- Costs of demolition as part of the cost of replacement
- Local economic conditions and a historical perspective to arrive at our estimate of long-term future inflation for construction costs in Ormond

¹ Identified in the APRA "Standards - Terms and Definitions" and the CAI "Terms and Definitions".

² See Credentials for additional information on our use of published sources of cost data.

Beach, Florida at an annual inflation rate³. Isolated or regional markets of greater construction (development) activity may experience slightly greater rates of inflation for both construction materials and labor.

- The past and current maintenance practices of Huntington Village and their effects on remaining useful lives
- Financial information provided by the Association pertaining to the cash status of the reserve fund and budgeted reserve contribution
- The anticipated effects of appreciation of the reserves over time in accord with a return or yield on investment of your cash equivalent assets. (We did not consider the costs, if any, of Federal and State Taxes on income derived from interest and/or dividend income).
- The Funding Plan excludes necessary operating budget expenditures. It is our understanding that future operating budgets will provide for the ongoing normal maintenance of Reserve Components.

Updates to this Reserve Study will continue to monitor historical facts and trends concerning the external market conditions.

³ Derived from Marshall & Swift, historical costs and the Bureau of Labor Statistics.

6. CREDENTIALS

HISTORY AND DEPTH OF SERVICE

Founded in 1991, Reserve Advisors is the leading provider of reserve studies, insurance appraisals, developer turnover transition studies, expert witness services, and other engineering consulting services. Clients include community associations, resort properties, hotels, clubs, non-profit organizations, apartment building owners, religious and educational institutions, and office/commercial building owners in 48 states, Canada and throughout the world.

The **architectural engineering consulting firm** was formed to take a leadership role in helping fiduciaries, boards, and property managers manage their property like a business with a long-range master plan known as a Reserve Study.

Reserve Advisors employs the **largest staff of Reserve Specialists** with bachelor's degrees in engineering dedicated to Reserve Study services. Our founders are also founders of Community Associations Institute's (CAI) Reserve Committee that developed national standards for reserve study providers. One of our founders is a Past President of the Association of Professional Reserve Analysts (APRA). Our vast experience with a variety of building types and ages, on-site examination and historical analyses are keys to determining accurate remaining useful life estimates of building components.

No Conflict of Interest - As consulting specialists, our **independent opinion** eliminates any real or perceived conflict of interest because we do not conduct or manage capital projects.

TOTAL STAFF INVOLVEMENT

Several staff members participate in each assignment. The responsible advisor involves the staff through a Team Review, exclusive to Reserve Advisors, and by utilizing the experience of other staff members, each of whom has served hundreds of clients. We conduct Team Reviews, an internal quality assurance review of each assignment, including: the inspection; building component costing; lifing; and technical report phases of the assignment. Due to our extensive experience with building components, we do not have a need to utilize subcontractors.

OUR GOAL

To help our clients fulfill their fiduciary responsibilities to maintain property in good condition.

VAST EXPERIENCE WITH A VARIETY OF BUILDINGS

Reserve Advisors has conducted reserve studies for a multitude of different communities and building types. We've analyzed thousands of buildings, from as small as a 3,500-square foot day care center to the 2,600,000-square foot 98-story Trump International Hotel and Tower in Chicago. We also routinely inspect buildings with various types of mechanical systems such as simple electric heat, to complex systems with air handlers, chillers, boilers, elevators, and life safety and security systems.

We're familiar with all types of building exteriors as well. Our well-versed staff regularly identifies optimal repair and replacement solutions for such building exterior surfaces such as adobe, brick, stone, concrete, stucco, EIFS, wood products, stained glass and aluminum siding, and window wall systems.

OLD TO NEW

Reserve Advisors' experience includes ornate and vintage buildings as well as modern structures. Our specialists are no strangers to older buildings. We're accustomed to addressing the unique challenges posed by buildings that date to the 1800's. We recognize and consider the methods of construction employed into our analysis. We recommend appropriate replacement programs that apply cost effective technologies while maintaining a building's character and appeal.

JEFFREY B. DOW, P.E., RS
Responsible Advisor

CURRENT CLIENT SERVICES

Jeffrey B. Dow, a Civil engineer, is the Regional Engineering Manager for the Southeast Region of Reserve Advisors. Mr. Dow is responsible for the inspection and analysis of the condition of clients' properties, and recommending engineering solutions to prolong the lives of the components. He also forecasts capital expenditures for the repair and/or replacement of the property components and prepares technical reports on assignments. He is responsible for conducting Life Cycle Cost Analyses and Capital Replacement Forecast services and the preparation of Reserve Study Reports for condominiums, townhomes and homeowner associations. Mr. Dow frequently serves as the Quality Assurance Review Coordinator for all types of communities.

The following is a partial list of clients served by Jeffrey Dow demonstrating his breadth of experiential knowledge of community associations in construction and related buildings systems.

Alson Court Condominium Owners Association, Inc. - This historic Charlotte, NC building was constructed in 1939 and comprises all-brick construction and a clay tile roof. The unique layout of the building, which includes a number of entrances and lobbies, allows for two picturesque courtyards. The property includes two detached garages.

Charleston Oceanfront Villas Homeowners Association - This oceanfront condominium offers spectacular views of Folly Beach, SC and the Atlantic Ocean. The four-story stucco building contains 96 luxury residential units. Amenities include private balconies, a large garage on the first floor and two pools.

Le Club at Old Cutler Condominium Association, Inc. - This condominium community in Miami, FL comprises 334 units in 14 buildings. Amenities of this property include a large pond with a lighted lake walk, a large clubhouse with fitness room, a pool, a sauna, a playground and tennis courts.

Marco Towers Club, Inc. - Located on exclusive Marco Island just south of Naples, FL, this eight-story mid-rise features solid concrete construction and was the designated hurricane shelter for its community for many years. It houses 57 condominiums with balconies offering views of the adjacent intercoastal waterway. The property also includes a party room, office and detached garages.

Mountaintop Community Association - This mountain golf community is located in Highlands, NC and includes high-end single family homes. The community includes a wastewater treatment plant, lift stations, two domestic water wells, three bridges and asphalt pavement roadways.

The Academy at Ocean Reef - Located in Key Largo, FL, this private institution serves kindergarten through the eighth grade and includes offices, a science lab, a music room, a television production room, six classrooms, an atrium and other learning facilities.

PRIOR RELEVANT EXPERIENCE

Before joining Reserve Advisors, Mr. Dow successfully completed the bachelors program in Civil Engineering from Florida State University. He also has four years of experience as a land development engineer in the Washington, D.C. area and Tampa, FL, where he gained knowledge in the design of residential and commercial property, utility layout and stormwater detention.

EDUCATION

Florida State University - B.S. Civil Engineering, Cum Laude

PROFESSIONAL AFFILIATIONS

Professional Engineer (P.E.) - State of Florida, 2008

Reserve Specialist (RS) - Community Associations Institute

ALAN M. EBERT, P.E., PRA, RS
Director of Quality Assurance

CURRENT CLIENT SERVICES

Alan M. Ebert, a Professional Engineer, is the Director of Quality Assurance for Reserve Advisors. Mr. Ebert is responsible for the management, review and quality assurance of reserve studies. In this role, he assumes the responsibility of stringent report review analysis to assure report accuracy and the best solution for Reserve Advisors' clients.

Mr. Ebert has been involved with thousands of Reserve Study assignments. The following is a partial list of clients served by Alan Ebert demonstrating his breadth of experiential knowledge of community associations in construction and related buildings systems.

Brownsville Winter Haven Located in Brownsville, Texas, this unique homeowners association contains 525 units. The Association maintains three pools and pool houses, a community and management office, landscape and maintenance equipment, and nine irrigation canals with associated infrastructure.

Rosemont Condominiums This unique condominium is located in Alexandria, Virginia and dates to the 1940's. The two mid-rise buildings utilize decorative stone and brick masonry. The development features common interior spaces, multi-level wood balconies and common asphalt parking areas.

Stillwater Homeowners Association Located in Naperville, Illinois, Stillwater Homeowners Association maintains four tennis courts, an Olympic sized pool and an upscale ballroom with commercial-grade kitchen. The community also maintains three storm water retention ponds and a detention basin.

Birchfield Community Services Association This extensive Association comprises seven separate parcels which include 505 townhome and single family homes. This Community Services Association is located in Mt. Laurel, New Jersey. Three lakes, a pool, a clubhouse and management office, wood carports, aluminum siding, and asphalt shingle roofs are a few of the elements maintained by the Association.

Oakridge Manor Condominium Association Located in Londonderry, New Hampshire, this Association includes 104 units at 13 buildings. In addition to extensive roads and parking areas, the Association maintains a large septic system and significant concrete retaining walls.

Memorial Lofts Homeowners Association This upscale high rise is located in Houston, Texas. The 20 luxury units include large balconies and decorative interior hallways. The 10-story building utilizes a painted stucco facade and TPO roof, while an on-grade garage serves residents and guests.

PRIOR RELEVANT EXPERIENCE

Mr. Ebert earned his Bachelor of Science degree in Geological Engineering from the University of Wisconsin-Madison. His relevant course work includes foundations, retaining walls, and slope stability. Before joining Reserve Advisors, Mr. Ebert was an oilfield engineer and tested and evaluated hundreds of oil and gas wells throughout North America.

Professional Reserve Analyst (PRA) - Association of Professional Reserve Analysts

RESOURCES

Reserve Advisors utilizes numerous resources of national and local data to conduct its Professional Services. A concise list of several of these resources follows:

Association of Construction Inspectors, (ACI) the largest professional organization for those involved in construction inspection and construction project management. ACI is also the leading association providing standards, guidelines, regulations, education, training, and professional recognition in a field that has quickly become important procedure for both residential and commercial construction, found on the web at www.iami.org.

American Society of Heating, Refrigerating and Air-Conditioning Engineers, Inc., (ASHRAE) the American Society of Heating, Refrigerating and Air-Conditioning Engineers, Inc., devoted to the arts and sciences of heating, ventilation, air conditioning and refrigeration; recognized as the foremost, authoritative, timely and responsive source of technical and educational information, standards and guidelines, found on the web at www.ashrae.org. Reserve Advisors actively participates in its local chapter and holds individual memberships.

Community Associations Institute, (CAI) America's leading advocate for responsible communities noted as the only national organization dedicated to fostering vibrant, responsive, competent community associations. Their mission is to assist community associations in promoting harmony, community, and responsible leadership.

Marshall & Swift / Boeckh, (MS/B) the worldwide provider of building cost data, co-sourcing solutions, and estimating technology for the property and casualty insurance industry found on the web at www.marshallswift.com.

R.S. Means CostWorks, North America's leading supplier of construction cost information. As a member of the Construction Market Data Group, Means provides accurate and up-to-date cost information that helps owners, developers, architects, engineers, contractors and others to carefully and precisely project and control the cost of both new building construction and renovation projects found on the web at www.rsmeans.com.

Reserve Advisors' library of numerous periodicals relating to reserve studies, condition analyses, chapter community associations, and historical costs from thousands of capital repair and replacement projects, and product literature from manufacturers of building products and building systems.

7. DEFINITIONS

Definitions are derived from the standards set forth by the Community Associations Institute (CAI) representing America's 305,000 condominium and homeowners associations and cooperatives, and the Association of Professional Reserve Analysts, setting the standards of care for reserve study practitioners.

Cash Flow Method - A method of calculating Reserve Contributions where contributions to the reserve fund are designed to offset the variable annual expenditures from the reserve fund. Different Reserve Funding Plans are tested against the anticipated schedule of reserve expenses until the desired funding goal is achieved.

Component Method - A method of developing a Reserve Funding Plan with the total contribution is based on the sum of the contributions for individual components.

Current Cost of Replacement - That amount required today derived from the quantity of a *Reserve Component* and its unit cost to replace or repair a Reserve Component using the most current technology and construction materials, duplicating the productive utility of the existing property at current *local* market prices for *materials, labor* and manufactured equipment, contractors' overhead, profit and fees, but without provisions for building permits, overtime, bonuses for labor or premiums for material and equipment. We include removal and disposal costs where applicable.

Fully Funded Balance - The Reserve balance that is in direct proportion to the fraction of life "used up" of the current Repair or Replacement cost similar to Total Accrued Depreciation.

Funding Goal (Threshold) - The stated purpose of this Reserve Study is to determine the adequate, not excessive, minimal threshold reserve balances.

Future Cost of Replacement - *Reserve Expenditure* derived from the inflated current cost of replacement or current cost of replacement as defined above, with consideration given to the effects of inflation on local market rates for materials, labor and equipment.

Long-Lived Property Component - Property component of Huntington Village responsibility not likely to require capital repair or replacement during the next 30 years with an unpredictable remaining Useful Life beyond the next 30 years.

Percent Funded - The ratio, at a particular point of time (typically the beginning of the Fiscal Year), of the actual (or projected) Reserve Balance to the Fully Funded Balance, expressed as a percentage.

Remaining Useful Life - The estimated remaining functional or useful time in years of a *Reserve Component* based on its age, condition and maintenance.

Reserve Component - Property elements with: 1) Huntington Village responsibility; 2) limited Useful Life expectancies; 3) predictable Remaining Useful Life expectancies; and 4) a replacement cost above a minimum threshold.

Reserve Component Inventory - Line Items in *Reserve Expenditures* that identify a *Reserve Component*.

Reserve Contribution - An amount of money set aside or *Reserve Assessment* contributed to a *Reserve Fund* for future *Reserve Expenditures* to repair or replace *Reserve Components*.

Reserve Expenditure - Future Cost of Replacement of a Reserve Component.

Reserve Fund Status - The accumulated amount of reserves in dollars at a given point in time, i.e., at year end.

Reserve Funding Plan - The portion of the Reserve Study identifying the *Cash Flow Analysis* and containing the recommended Reserve Contributions and projected annual expenditures, interest earned and reserve balances.

Reserve Study - A budget planning tool that identifies the current status of the reserve fund and a stable and equitable Funding Plan to offset the anticipated future major common area expenditures.

Useful Life - The anticipated total time in years that a *Reserve Component* is expected to serve its intended function in its present application or installation.

8. PROFESSIONAL SERVICE CONDITIONS

Our Services - Reserve Advisors, LLC (RA) performs its services as an independent contractor in accordance with our professional practice standards and its compensation is not contingent upon our conclusions. The purpose of our reserve study is to provide a budget planning tool that identifies the current status of the reserve fund, and an opinion recommending an annual funding plan to create reserves for anticipated future replacement expenditures of the property.

Our inspection and analysis of the subject property is limited to visual observations, is noninvasive and is not meant to nor does it include investigation into statutory, regulatory or code compliance. RA inspects sloped roofs from the ground and inspects flat roofs where safe access (stairs or ladder permanently attached to the structure) is available. The report is based upon a "snapshot in time" at the moment of inspection. RA may note visible physical defects in our report. The inspection is made by employees generally familiar with real estate and building construction but in the absence of invasive testing RA cannot opine on, nor is RA responsible for, the structural integrity of the property including its conformity to specific governmental code requirements for fire, building, earthquake, and occupancy, or any physical defects that were not readily apparent during the inspection.

RA is not responsible for conditions that have changed between the time of inspection and the issuance of the report. RA does not investigate, nor assume any responsibility for any existence or impact of any hazardous materials, such as asbestos, urea-formaldehyde foam insulation, other chemicals, toxic wastes, environmental mold or other potentially hazardous materials or structural defects that are latent or hidden defects which may or may not be present on or within the property. RA does not make any soil analysis or geological study as part of its services; nor does RA investigate water, oil, gas, coal, or other subsurface mineral and use rights or such hidden conditions. RA assumes no responsibility for any such conditions. The Report contains opinions of estimated costs and remaining useful lives which are neither a guarantee of the actual costs of replacement nor a guarantee of remaining useful lives of any property element.

RA assumes, without independent verification, the accuracy of all data provided to it. You agree to indemnify and hold RA harmless against and from any and all losses, claims, actions, damages, expenses or liabilities, including reasonable attorneys' fees, to which we may become subject in connection with this engagement, because of any false, misleading or incomplete information which we have relied upon supplied by you or others under your direction, or which may result from any improper use or reliance on the Report by you or third parties under your control or direction. Your obligation for indemnification and reimbursement shall extend to any director, officer, employee, affiliate, or agent of RA. Liability of RA and its employees, affiliates, and agents for errors and omissions, if any, in this work is limited to the amount of its compensation for the work performed in this engagement.

Report - RA completes the services in accordance with the Proposal. The Report represents a valid opinion of RA's findings and recommendations and is deemed complete. RA, however, considers any additional information made available to us within 6 months of issuing the Report if a timely request for a revised Report is made. RA retains the right to withhold a revised Report if payment for services was not tendered in a timely manner. All information received by RA and all files, work papers or documents developed by RA during the course of the engagement shall remain the property of RA and may be used for whatever purpose it sees fit.

Your Obligations - You agree to provide us access to the subject property for an on-site visual inspection. You agree to provide RA all available, historical and budgetary information, the governing documents, and other information that we request and deem necessary to complete the Report. You agree to pay actual attorneys' fees and any other costs incurred to collect on any unpaid balance for RA's services.

Use of Our Report and Your Name - Use of this Report is limited to only the purpose stated herein. You hereby acknowledge that any use or reliance by you on the Report for any unauthorized purpose is at your own risk and you shall hold RA harmless from any consequences of such use. Use by any unauthorized third party is unlawful. The Report in whole or in part **is not and cannot be used as a design specification for design engineering purposes or as an appraisal**. You may show our Report in its entirety to the following third parties: members of your organization, your accountant, attorney, financial institution and property manager who need to review the information contained herein. Without the written consent of RA, you shall not disclose the Report to any other third party. The Report contains intellectual property developed by RA and **shall not be reproduced or distributed to any party that conducts reserve studies without the written consent of RA**.

RA will include your name in our client lists. RA reserves the right to use property information to obtain estimates of replacement costs, useful life of property elements or otherwise as RA, in its sole discretion, deems appropriate.

Payment Terms, Due Dates and Interest Charges - Retainer payment is due upon authorization and prior to inspection. The balance is due net 30 days from the report shipment date. Any balance remaining 30 days after delivery of the Report shall accrue an interest charge of 1.5% per month. Any litigation necessary to collect an unpaid balance shall be venued in Milwaukee County Circuit Court for the State of Wisconsin.

HUNTER'S RIDGE
COMMUNITY DEVELOPMENT DISTRICT NO. 1

RESOLUTION 2021-05

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE HUNTER'S RIDGE COMMUNITY DEVELOPMENT DISTRICT NO. 1 DECLARING A VACANCY IN SEAT 4 ON THE BOARD OF SUPERVISORS; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, the Hunter's Ridge Community Development District No. 1 (the "District") is a local unit of special purpose government created by and existing pursuant to Chapter 190, *Florida Statutes*; and

WHEREAS, on Friday, November 6, 2020, three (3) members of the Board of Supervisors ("**Board**") were to be elected by Landowners, as that term is defined in Section 190.003, *Florida Statutes*; and

WHEREAS, the District published a notice of the Landowners' Meeting for two consecutive weeks; and

WHEREAS, no one was nominated for Seat 4 by the Landowners of the District; therefore, the Board finds that it is in the best interest of the District to adopt this Resolution declaring the seat available for appointment as vacant.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE HUNTER'S RIDGE COMMUNITY DEVELOPMENT DISTRICT NO. 1:

- 1. DECLARATION OF VACANCY.** The following seat is hereby declared vacant effective as of May 26, 2021:
- 2. EFFECTIVE DATE.** This Resolution shall become effective upon its passage.

PASSED AND ADOPTED this 26th day of May, 2021.

RESOLUTION 2021-06

A RESOLUTION DESIGNATING A CHAIR, A VICE CHAIR, A SECRETARY, ASSISTANT SECRETARIES, A TREASURER AND AN ASSISTANT TREASURER OF THE HUNTER’S RIDGE COMMUNITY DEVELOPMENT DISTRICT NO. 1, AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Hunter’s Ridge Community Development District No. 1 (“District”) is a local unit of special-purpose government created by, and existing pursuant to Chapter 190, *Florida Statutes*, being situated in Flagler County, Florida; and

WHEREAS, the Board of Supervisors of the District desires to appoint the below-recited persons to the offices specified.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE HUNTER’S RIDGE COMMUNITY DEVELOPMENT DISTRICT NO. 1:

1. **DISTRICT OFFICERS.** The District officers are as follows:

_____ is appointed Chair

_____ is appointed Vice Chair

Craig Wrathell is appointed Secretary

_____ is appointed Assistant Secretary

_____ is appointed Assistant Secretary

_____ is appointed Assistant Secretary

Cindy Cerbone is appointed Assistant Secretary

Craig Wrathell is appointed Treasurer

Jeff Pinder is appointed Assistant Treasurer

2. **EFFECTIVE DATE.** This Resolution shall become effective immediately upon its adoption.

Adopted this 26th day of May, 2021.

DRAFT

**MINUTES OF MEETING
HUNTER'S RIDGE
COMMUNITY DEVELOPMENT DISTRICT NO. 1**

The Hunter's Ridge Community Development District No. 1 held a Landowners' Meeting on November 6, 2020 at 10:00 a.m., at the Flagler County Government Services Building, 1769 E. Moody Blvd., Building 2, Bunnell, Florida 32110

Present at the meeting were:

Howard McGaffney	District Manager
Mark Watts (via telephone)	District Counsel
Howard Lefkowitz	Landowner
Luke Kilic	Zev Cohen & Associates, Inc.
Charles Lichtigman	
Patricia Hall	
Steven Thompson	

FIRST ORDER OF BUSINESS

Call to Order/Roll Call

Mr. McGaffney called the meeting to order at 10:03 a.m. Mr. Lefkowitz, Mr. Kilic, Mr. Lichtigman and Ms. Hall were present. Mr. Watts was attending via telephone.

SECOND ORDER OF BUSINESS

Affidavit/Proof of Publication

The affidavit of publication was included for informational purposes.

THIRD ORDER OF BUSINESS

Election of a Chair to Conduct Landowners' Meeting

All in attendance agreed to Mr. McGaffney serving as Chair to conduct the Landowners' meeting.

FOURTH ORDER OF BUSINESS

Election of Supervisors [SEATS 2, 3 & 4]

A. Nominations

The following nominations were made:

39 Seat 2 Patricia Hall

40 **Mr. Thompson arrived at 10:05 a.m.**

41 Seat 3 Steve Thompson

42 Seat 4 No Nominee

43 Mr. Lefkowitz decided to leave Seat 4 vacant at this time.

44 No other nominations were made.

45 **B. Casting of Ballots**

46 **I. Determine Number of Voting Units Represented**

47 A total of 240 voting units were represented.

48 **II. Determine Number of Voting Units Assigned by Proxy**

49 BADC Huntington Communities LLC, the major Landowner, assigned by proxy 240 voting
50 units to Mr. Lefkowitz.

51 Mr. Lefkowitz cast the following votes:

52 Seat 2 Patricia Hall 240 Votes

53 Seat 3 Steve Thompson 240 Votes

54 **C. Ballot Tabulation and Results**

55 Mr. McGaffney reported the following ballot tabulation, results and term lengths:

56 Seat 2 Patricia Hall 240 Votes 4-year Term

57 Seat 3 Steve Thompson 240 Votes 4-year Term

58 As previously stated, Seat 4 would remain vacant.

59

60 **FIFTH ORDER OF BUSINESS**

Landowners' Questions/Comments

61

62 Mr. Lefkowitz asked when the process for filling the vacant seat should be discussed.

63 Mr. McGaffney stated that it would be discussed at the upcoming regular meeting.

64

65 **SIXTH ORDER OF BUSINESS**

Adjournment

66

67 There being nothing further to discuss, the meeting adjourned at 10:08 a.m.

The Board of Supervisors of the Hunter’s Ridge Community Development District No. 1 held a Regular Meeting on November 6, 2020, *immediately following the Landowners’ Meeting scheduled to commence at 10:00 a.m.*, at the Flagler County Government Services Building, 1769 E. Moody Blvd., Building 2, Bunnell, Florida 32110.

Present at the meeting were:

Howard Lefkowitz	Chair
Charles Lichtigman	Vice Chair
Steve Thompson	Assistant Secretary
Patricia Hall	Assistant Secretary

Also present were:

Howard McGaffney	District Manager
Mark Watts (via telephone)	District Counsel
Luke Kilic	District Engineer

FIRST ORDER OF BUSINESS

Call to Order/Roll Call

Mr. McGaffney called the meeting to order at 10:14 a.m. Supervisors Lefkowitz, Hall, Lichtigman and Thompson were present, in person. One seat was vacant.

SECOND ORDER OF BUSINESS

Public Comments

There being no public comments, the next item followed.

THIRD ORDER OF BUSINESS

Administration of Oath of Office to Newly Elected Supervisors [SEATS 2, 3 & 4] (*the following to be provided in a separate package*)

Disclaimer: These summary minutes are intended to highlight the topics discussed, items being considered and actions taken.

38 Mr. McGaffney, a Notary of the State of Florida and duly authorized, administered the
39 Oath of Office to Ms. Hall and Mr. Thompson. He provided and briefly explained the following
40 items:

- 41 **A. Guide to Sunshine Amendment and Code of Ethics for Public Officers and Employees**
- 42 **B. Membership, Obligations and Responsibilities**
- 43 **C. Financial Disclosure Forms**
 - 44 **I. Form 1: Statement of Financial Interests**
 - 45 **II. Form 1X: Amendment to Form 1, Statement of Financial Interests**
 - 46 **III. Form 1F: Final Statement of Financial Interests**
- 47 **D. Form 8B: Memorandum of Voting Conflict**

63 **favor, Resolution 2021-01, Canvassing and Certifying the Results of the**
64 **Landowners’ Election of Supervisors Held Pursuant to Section 190.006(2),**
65 **Florida Statutes, and Providing for an Effective Date, was adopted.**

66

67

68 Mr. McGaffney reiterated that Supervisors Lefkowitz, Hall, Lichtigman and Thompson
69 were present, in person.

70

71 **FIFTH ORDER OF BUSINESS**

Consideration of Resolution 2021-02, Designating a Chair, a Vice Chair, a Secretary, Assistant Secretaries, a Treasurer and an Assistant Treasurer of the Hunters Ridge CDD No. 1, and Providing for an Effective Date

72
73
74
75
76
77
78 Mr. McGaffney presented Resolution 2021-02. The Resolution would be corrected to
79 designate Mr. Wrathell as Secretary and Mr. McGaffney as Assistant Secretary. Mr. Lefkowitz
80 nominated the following slate of officers:

81	Chair	Howard Lefkowitz
82	Vice Chair	Charles Lichtigman
83	Secretary	Craig Wrathell
84	Assistant Secretary	Patricia Hall
85	Assistant Secretary	Steve Thompson
86	Assistant Secretary	Vacant
87	Assistant Secretary	Howard McGaffney
88	Treasurer	Craig Wrathell
89	Assistant Treasurer	Jeff Pinder

90 No other nominations were made.

91

92 **On MOTION by Mr. Lichtigman and seconded by Ms. Hall, with all in favor,**
93 **Resolution 2021-02, as amended, Designating a Chair, a Vice Chair, a Secretary,**
94 **Assistant Secretaries, a Treasurer and an Assistant Treasurer of the Hunters**
95 **Ridge CDD No. 1, as nominated, and Providing for an Effective Date, was**
96 **adopted.**

97

98

99 **SIXTH ORDER OF BUSINESS**

Consent Agenda Items

100

101 Mr. McGaffney presented the Consent Agenda Items.

102 **A. Acceptance of Unaudited Financial Statements as of September 30, 2020**

103 Mr. McGaffney and Mr. Watts responded to the following questions or requests:

104 ➤ Balance Sheet-Footer: Regarding references related to misallocation of construction
105 funds, clarification that the consolidation of funding between the bonds was done in order to
106 balance out the actual construction requirement was requested. Mr. Watts replied affirmatively
107 and noted that these entries were made in coordination with Bond Counsel and the Trustee to
108 correct where some funds from the original bond issue were allocated.

109 ➤ Regarding whether the "Supervisors" line item expenditure matched the number of
110 meetings held, Mr. McGaffney would have Accounting review it to make sure each Supervisor's
111 compensation was correct, with the exception of Mr. Lefkowitz, who declined compensation.

112 ➤ Regarding what discretion, if any, the District has in where cash reserve funds are placed
113 or if the revenue from investments is dictated by the loan documents, Mr. McGaffney explained
114 the differences between the General Fund reserves being held in a low interest bearing
115 operating account. The reserves are minimal now but, over the life of the District, it would
116 accumulate or the District may begin budgeting for it, once the community is built out, in order
117 to build up reserve funds.

118 Mr. McGaffney stated, in the Debt Service Fund, the Trustee dictates where reserve
119 funds are kept, under the constraints of the Trust Indenture, to ensure liquidity of funds is
120 available to pay principal and interest payments timely. Supervisors are responsible for the
121 general operating of the District, not for monitoring the Trustee or investments. He would
122 provide the Board with the Trustee's name, a summary of the bank accounts and amounts, an
123 explanation of the fund balances and the process for evaluating the banks used and why.

124 ➤ Balance Sheet-Liabilities-Retainage Payable: A request was made for Accounting to
125 provide the balance left in the construction account after they process the requisition recently
126 submitted and prior to the distribution of the retention fund.

127 ➤ Definition of "Deferred receipts": Deferred receipts are receipts that were received but
128 not yet posted to the appropriate budget line item.

129 **B. Approval of August 27, 2020 Public Hearing and Meeting Minutes**

130

131 **On MOTION by Mr. Thompson and seconded by Mr. Lichtigman, with all in**
132 **favor, the Consent Agenda Items, as presented, were accepted and approved.**

133

134 SEVENTH ORDER OF BUSINESS

Other Business

135

136 Mr. McGaffney presented the Huntington Village Residents Association (HVRA) letter
137 asking the District to pay 50% of the cost of the Reserve Study, which the Board agreed to at a
138 prior meeting.

139

140

141

142

143

On MOTION by Ms. Hall and seconded by Mr. Lichtigman, with all in favor, authorizing the District Manager to pay the Huntington Village Residents Association for the District's portion of the cost of the Reserve Study, in a not-to-exceed amount of \$4,950, was approved.

144

145

146 EIGHTH ORDER OF BUSINESS

Staff Reports

147

148 A. District Counsel: *Cobb Cole*

149 Mr. Lefkowitz explained that, at a prior meeting, the CDD agreed to split the cost of the
150 Reserve Study and enter into an Agreement with the HVRA to maintain CDD assets. The
151 purpose of the Reserve Study was to have a formal mechanism for budgeting in the reserves for
152 the HVRA and the CDD, under the HVRA budgeting process, to allow the HVRA to acquire
153 reserves to maintain certain CDD infrastructure.

154 Mr. Lefkowitz stated that the Reserve Study was reviewed by him and the District
155 Engineer for adequacy and competency; it was recently sent to the CDD Board for review. He
156 discussed the process of collecting the Capital Facilities Fee, which the HVRA changed to collect
157 it to contribute to the community during the resale of the house instead of during the new
158 homeowner process. These funds would be segregated and go directly into reserve accounts,
159 past the life of the bonds. This formula would result in the CDD not having to increase its
160 Operations and Maintenance (O&M) or reserve amounts.

161 Mr. Lefkowitz asked the Supervisors to review the Reserve Study and report whether
162 they agree with these findings at the next meeting. Mr. Watts stated that, for the next meeting,
163 he would review the Reserve Study and modify the Maintenance Agreement with the HVRA to
164 include a mechanism for the annual collection of the maintenance for the CDD reserves. Mr.
165 McGaffney stated he would speak with Mr. Wrathell and District Counsel about setting up

166 reserve funding accounts, specifically regarding co-mingling public and private reserve
167 accounts, and report his findings at the next meeting. As CDD Chair and HOA President, Mr.
168 Lefkowitz stated that, as the HVRA budget was about to be adopted, he would set up the bank
169 accounts within the HVRA, segregating these funds until both parties agree to the process. A
170 Board Member asked about Mr. Thompson's lots. Mr. Lefkowitz stated that those lots must be
171 excluded from the Agreement.

172 ▪ **Board Members' Comments/Requests**

173 **This item, previously the Ninth Order of Business, was presented out of order.**

174 Mr. Lefkowitz read an email sent to residents, through the HVRA, looking to fill the
175 vacant seat with a resident, since the CDD would begin transitioning to the General Election
176 process in two to three years. Each Board Member voiced their opinions. Mr. McGaffney and
177 Mr. Watt provided input. Mr. Lefkowitz withdrew consideration of this direction from the
178 Board, and stated he would look to appoint another professional rather than a resident.

179 **B. District Engineer: *Zev Cohen and Associates, Inc.***

180 There being no report, the next item followed.

181 **C. District Manager: *Wrathell, Hunt and Associates, LLC***

- 182 • **NEXT MEETING DATE: February 25, 2021 at 3:30 P.M.**

- 183 ○ **QUORUM CHECK**

184 The next meeting will be held on February 25, 2021 at 3:30 p.m.

185

186 **NINTH ORDER OF BUSINESS**

Board Members' Comments/Requests

187

188 This item was presented following Item 8A.

189

190 **TENTH ORDER OF BUSINESS**

Adjournment

191

192 There being no further business to discuss, the meeting adjourned.

193
